

Your sponsorship matters!

Sponsorships support the SDID mission and events. Sponsors are recognized at general events hosted by the South Dakota Interior Designers. Through your annual sponsorship, you're helping to support professional development, networking, and education of local interior designers. Your funds stay in South Dakota and make an impact. General events include a variety of continuing education, project tours, networking events, community service outreach, professional development, student engagement activities, and other program events. Please note 2023 dates are still being scheduled for this year's gatherings. Make sure to check our new Instagram account @sdinteriordesigners for all the latest happenings. Additional sponsorship opportunities are available throughout the year and include sponsorships for the annual Design Exposition and for the years where a trip or golf event are planned. Become a General Sponsor today!

Sponsorships are due by April 1, 2023. No late sponsorships will be accepted. Thank you for your continued support of SDID!
